Packaging, Shipping & Delivery

Packaging Details: Packing in carton box
Delivery Time: 3 days

Packing Product: Packing in carton box

Loading Port: Chennai/Bangalore

Product Description

Cucumber (*Cucumis sativus*) is a widely cultivated plant in the gourd family, Cucurbitaceae. It is a creeping vine that bears cucumiform fruits that are used as vegetables. There are three main varieties of cucumber: *slicing*, *pickling*, and *seedless*. Within these varieties, several cultivars have been created. In North America, the term "wild cucumber" refers to plants in the genera *Echinocystis* and *Marah*, but these are not closely related. The cucumber is originally from South Asia, but now grows on most continents. Many different types of cucumber are traded on the global market.

Benefits Of Cucumber

Hydration

Cancer prevention

Skin

Bone health

Antioxidants

Heart health
